UTILITIES MATTER

☒

ORDER NO.

**SUBJECT:**

DOCKET NO. 2010-161-E - Application of Carolina Power and Light Company d/b/a Progress Energy Carolinas, Incorporated for Approval of Its Demand-Side Management and Energy Efficiency Rider DSM/EE-1 - Discuss with the Commission the Approval of Progress Energy Carolinas, Incorporated's Demand-Side Management and Energy Efficiency Rider (DSM/EE-1).

**COMMISSION ACTION:**

By Order No. 2009-373, in Docket No. 2008-251-E, we approved Progress Energy's Application for Demand Side Management and Energy Efficiency programs. This Order allowed Progress the cost recovery of certain expenses and lost revenues as well as certain incentives, all subject to an annual true-up. Progress made its annual true-up filing in the current Docket on May 3, 2010.

As a result of this annual review, the Company seeks to bill its customers the following rates, which include gross receipts taxes and South Carolina Regulatory Fees:

0.177 cents per kWh for its residential customer class;  
0.096 cents per kWh for its general service customer classes; and  
0.000 cents per kWh for its lighting customer class.

These rates are based on the actual costs incurred through March 31, 2010 and forecasted costs for the period July 2010 through June 2011.

The Office of Regulatory Staff states it has not completed its review of the Application but recommends that we approve these rates on a provisional basis so that they may take effect by the next annual period, starting on July 1.

I agree and move that we approve the rates on a provisional basis subject to a true-up in 2011.
